

Capital Cities Remix Contest

Capital Cities remix contest is available to all members of Indaba Music. They were a band that originally met on Craigslist, and less than a year later were signed with **Capitol Records**. Now you can remix "One Minute More", their new catchy and feel good single. After completing your remix, you need to upload it on the correct page at Indaba. Accounts at Indabamusic.com are free for 3 contests, then it is \$5 a month to participate in unlimited contests. This is one of the first Indie Pop groups to offer a remix contest in a while, so I felt it was worth posting.
